Was it you who reported me to Yuriei?!

Oh look who it is, it's Mr Sandalphon!

As the black list was walking around here alone, we had to report it. Because of the tense situation we have these days
Don't you use a mask, Mr. Sandalphon?
No thanks. I don't use it anymore, since it's a pain. Just looking at you using it annoys me even more, so take it off.
But breathing the same air as the humans is a bit weird...
The filter grants us safety.

What for if we don't even 'breathe'.
It's just a feeling. Don't we look the same as them?
... So where is the black list?
She's been in this hospital until a while ago, but I think she is not on Earth anymore
Doesn't she live with you, Mr Sandalphon? Didn't she went to your house?

Ah.. You're right
Well thanks

Piiiiiiroc

Piiiiiiroc
A towhee? But it's not the time when they're born.
in the first place, this type of bird shouldn't be here at winter... What happened?
It's an irregular case. We've confirmed that the mother has died.

Anyway, the baby will die. So I don't think you should give much importance to it

The world that the lord has created won't get out of balance because of this

The errors that happens in nature are got rid of by themselves. That's the law

That's what I dislike.
?

Balance, law, irregularities...
Piiiiiiroc
I understand their purpose. I get it

But there's no creature who is born weak because he/she wanted to be weak
He didn't have the intention of being born in these moments either.
And accepting thet the defects found in the gear of balance must be eliminated... it's not my style

...?
I will take this little one.
Eh? But...
Don't report this
Ah...

.....
Piiiiiiroc

Now that I think about it.

What Henry said is not a bad idea.
Thinking
Obviously there's a threat. But I just have to choose
Since they started their bet without me, there's no rule that I must support someone.
I just have to wait a year.

I feel sorry for Sandalphon
.....

Talking about him, where did he go?
Destroyed...
The door suddenly got smashed
Has he gone shopping?

As it's the first day of classes, there's no homework to do...
.....

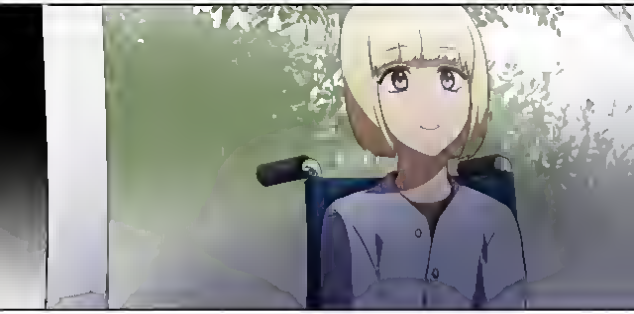
Opens
It's okay if I open it, right?
I'm curious what's inside.

¿Hmm?



A photo...? I don't think that it's an angel...

Bam

Surprised

Mr. Sandalphon,
are you in home?
Mr. Sandalphon!
Closes

W-Who is it?
This voice! You must be Ms. Sophia.
I was waiting for the day I could meet you.
Ee- ¿Ah?
I would like to come in to chat with you, is that okay?

Could you open the door for me?

——

What is this.
Pio
Pio
Mr. Sandalphon, looks like you've arrived.
Nice to meet you.

Sophie! I told you to not open the door to anyone when I'm not in home!!
When did you told me that?!
I'm not an 'anyone', Mr. Sandalphon.
I'm a Throne and I got orders from Mr. Gabriel to protect Ms. Sophia.
My name is Camael.

Help me... He says he is one of the angels who exiled Adam and Eve from the garden of Eden and he was talking nonsense a moment ago. Where the hell are you coming from? And where did you get this bird?
Whispers

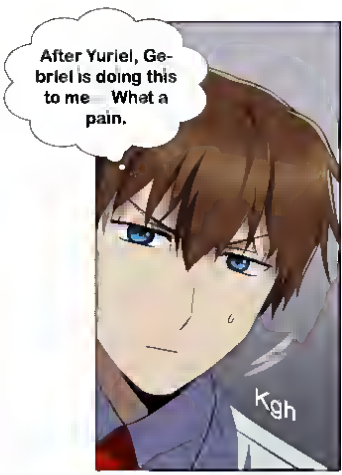
It's true that he exiled them... I was looking for you, you fool!
What? Really?



After Yuriel, Gebriel is doing this to me... What a pain.
Kgh

Go back. This is my house, my property. No one can enter without my consent.
Mr. Gabriel ordered me to watch her closer...
I don't care!
If they're going to assign a bodyguard, I wonder why they chose you.

I heard it was an order from Lord Metatron.
And there's no rule which specifies that only one angel can look after a black list.

Mr. Gabriel mentioned that because of momentary circumstances nothing bad will happen if we reinforce the security of Ms. Sophia.
And honorably, he assigned me to this task.

What's with his pronunciation? Sounds like a robot.
Whispers

The Thrones are always like this. I don't like them either.
Forgive me if my pronunciation was not to your liking.
Ugh...

For these circumstances, from today I'll stay at your house, Mr. Sandalphon.

I'm in your care.
